La GF Ricambi s.r.l. è un'azienda giovane e dinamica.

Questo nostro dinamismo ci ha permesso di investire sia nell'automazione logistica che nella produzione di macchine rotanti.

La prima è stata implementata in seguito all'inserimento in azienda di un magazzino verticale grazie al quale abbiamo potuto migliorare lo stoccaggio, la produttività e l'accuratezza e la velocità del picking.

La GF Ricambi non si compone solo di una parte puramente commerciale, bensì può vantare anche una parte produttiva che è stata costituita con la creazione della **FMA srl**. Quest'ultima si occupa della produzione in proprio e assemblaggio di alternatori e motorini d'avviamento.

Il nostro obiettivo è quello di offrire ai nostri clienti un servizio veloce con uno standard qualitativo di alto profilo.

CATALOGO PRODOTTI

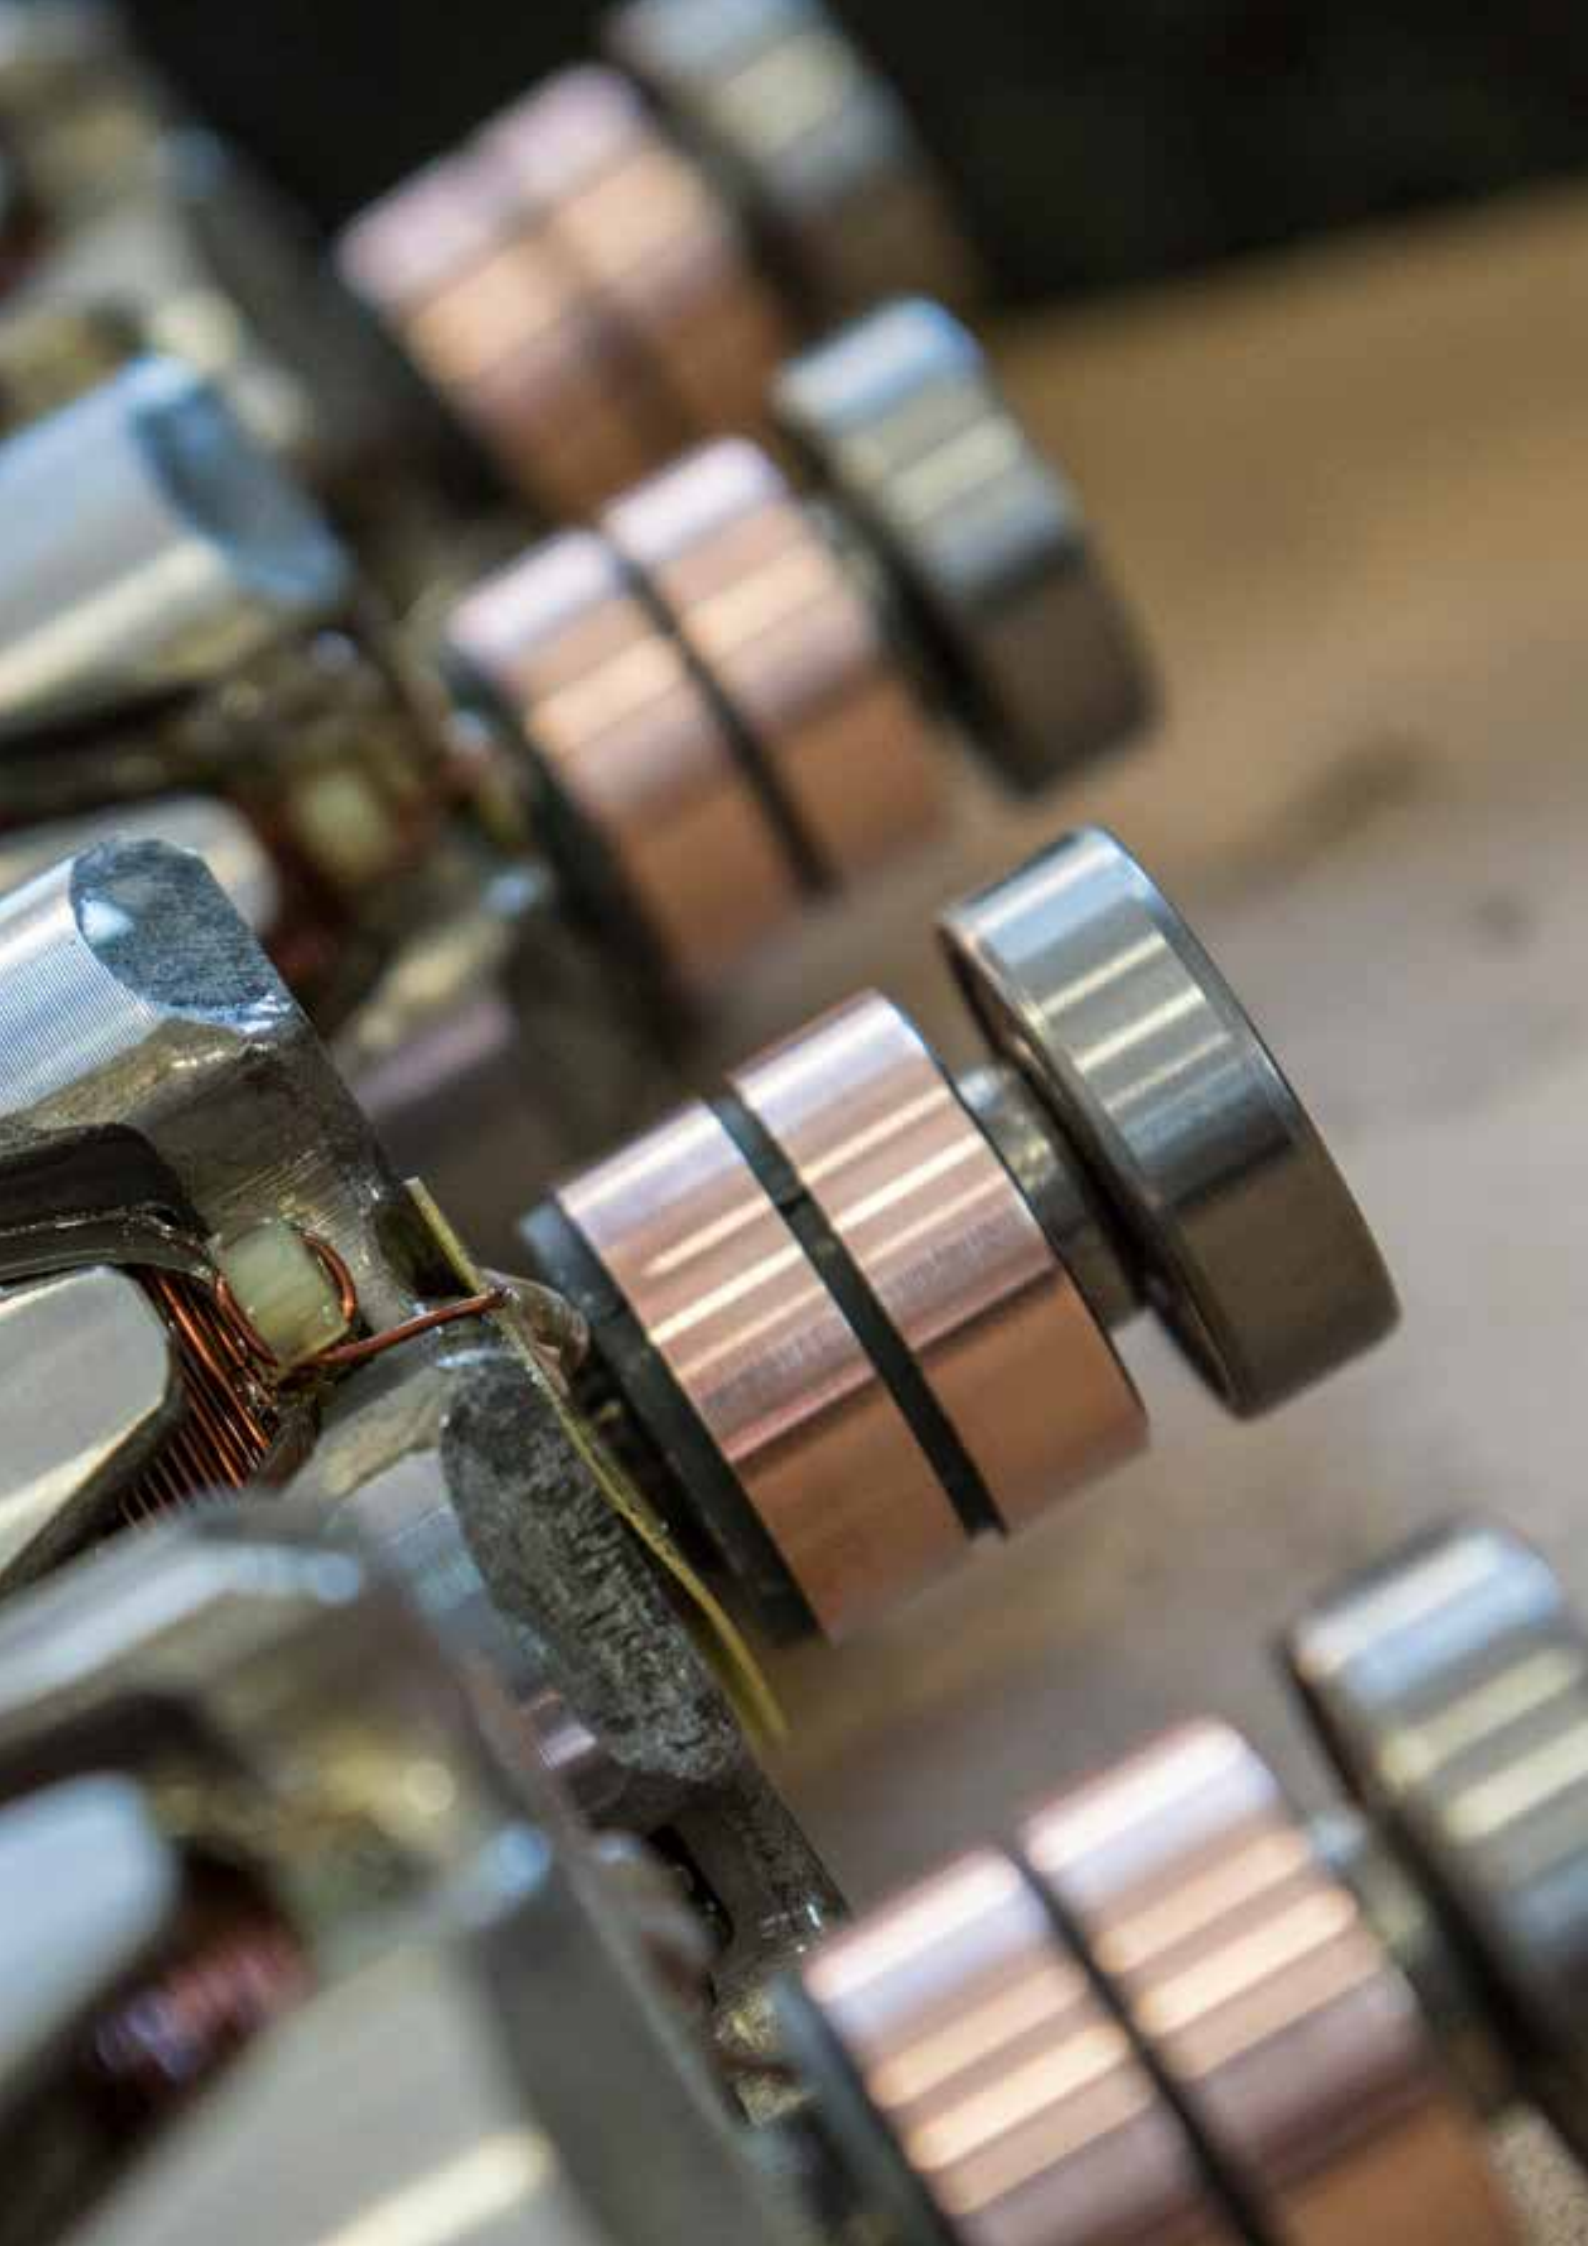

Disponiamo di vasto catalogo di macchine rotanti. Copriamo la gamma autovetture, veicoli industriali, mezzi agricoli e nautici. Siamo rivenditori ufficiali dei migliori Brand come Valeo, Denso, Prestolite, Mahle, Lucas ed il nostro brand GFQ made in Italy.

CONSULENZA TECNICA

La nostra esperienza sul campo ha permesso di costruire con i nostri "clienti-partners" non solo un ottimo rapporto commerciale ma una solida e ben più importante collaborazione tecnica.

LOGISTICA

Al fine di offrire un servizio veloce ed affidabile, i nostri prodotti sono allocati in due magazzini automatici di ultima generazione. Si interfacciano in modo automatico al nostro e-commerce.
